

NABIN GAYAK H

Entry-Level Software Developer | Java Backend Developer

+91-9566808175 | nabinmessages@gmail.com | Sethiyathope, Tamil Nadu | [linkedin.com/in/nabingayakh](https://www.linkedin.com/in/nabingayakh) | github.com/nabingayakh

PROFESSIONAL SUMMARY

Computer Science graduate with a strong foundation in Java, SQL, Spring Boot, Spring JDBC, Hibernate, and Object-Oriented Programming. Built backend applications using layered architecture, CRUD operations, and database integration with PostgreSQL and H2 Database. Eager to contribute to real-world backend software development by building reliable, scalable, and maintainable Java applications.

TECHNICAL SKILLS

Programming Languages: Java, SQL, JavaScript

Frameworks & Backend: Spring Boot, Spring Core, Spring JDBC, Hibernate

Frontend: HTML, CSS, React

Databases: PostgreSQL, H2 Database

Build & Tools: Maven, Git, GitHub, IntelliJ IDEA, Eclipse, VS Code

PROJECTS

Library Management System

Technologies: Java, Spring Boot, Spring JDBC, H2 Database, SQL, Maven, IntelliJ IDEA

- Developed a backend Library Management System using Spring Boot, Spring JDBC, and H2 Database following a layered architecture (Model, Repository, Service).
- Implemented complete CRUD operations along with search by ID, title, author, sorting, and book count using SQL queries and JdbcTemplate.
- Applied Dependency Injection, Spring IoC, and a reusable RowMapper to improve code maintainability and reduce code duplication.
- Built the project using Maven, demonstrating backend development concepts including database integration, SQL, and clean coding practices.

Securing Data with Novel Flip-Flop Circuit Authentication Algorithm (Final Year Project)

Technologies: Python, Streamlit, SHA-256, XOR Encryption

- Engineered a secure authentication system by applying flip-flop logic and XOR-based encryption to protect user credentials.
- Configured dynamic, time-based token generation to strengthen login security.
- Delivered a functional web interface using Python and Streamlit to demonstrate the complete login workflow.

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript

- Created a personal website using HTML, CSS, and JavaScript with a clean, cross-device layout.
- Optimized page structure for readability and consistent display across screen sizes.
- Highlighted technical skills and projects through an organized, user-friendly design.

INTERNSHIP EXPERIENCE

Web Design and Digital Marketing Intern — Cloudzure Consulting Services Pvt Ltd.

Jul 2024 - Aug 2024

- Collaborated with the team to design mobile-friendly websites using HTML, CSS, JavaScript, Figma, and WordPress.
- Enhanced UI/UX consistency across desktop and mobile devices to improve usability.
- Strengthened website visibility and performance through SEO best practices.

EDUCATION

Bachelor of Engineering in Computer Science — Arunai Engineering College, Anna University

2021 - 2025

CGPA: 7.8 / 10

Higher Secondary Education (12th) — Jawahar Matric Hr Sec School, Neyveli

2021

Percentage: 80%

Secondary School Education (10th) — S D Sion Matric Hr Sec School, Boothangudi

2019

Percentage: 77%

CERTIFICATIONS

- SQL, Java, Web Technologies — Qspiders
- Angular JS — IBM

LANGUAGES

English (Fluent) | Tamil (Native) | Hindi (Intermediate)
